Department of Community Development Office  
at 886-6125 at least 24 hours in advance of the meeting.**

## MINUTES OF THE NEENAH COMMITTEE ON AGING

Thursday, March 16, 2017

9:00 a.m.

**Present:** Committee Chair Herb Allen and committee members Susan Antonneau, Jayne Bottensek, Sandy Miller, and Bob Suess. **Also Present:** Alderman Marge Bates, Traffic Engineer James Merten, Assistant Planner Carol Kasimor, Winnebago County Public Health Nurse Erin Roberts, and Cheryl Richard, YMCA Active Older Adult Director.

### Approval of minutes:

MSC Antonneau, Miller, the minutes of the February 16, 2017 meeting were approved as distributed.

### Public Appearances:

Alderman Marge Bates noted that cell tower location and honey beekeeping are being discussed by the Common Council.

### Discussion of 2016 Election Recount:

Chief Elections Inspector Marge Bates explained that presidential candidate Jill Stein requested a recount for the November 2016 election. Ms. Bates described the process of inspection at the polls and the process of the recount. Though minor discrepancies were found, the results reported at the close of the polls were correct.

### Update on public parking changes:

Traffic Engineer James Merten explained that the City is implementing a new software system that will assist with various aspects of downtown public parking for the purpose of enhancing customer and employee parking. Photos of license plates in general parking and permit parking lots will be recorded through a camera mounted on a police vehicle, which will then be compared with a database of permits to determine if the vehicle owner is parked legally. The system will also enable "reparking" monitoring over the course of a day. Limits on parking will increase to 2 hours on Wisconsin Avenue, and to 3 hours in the Canal and Marketplace lots and on Doty Avenue. As a result of the system, citations may be paid online. The first offense may receive a warning letter, with escalating fines for repeat offenses. Further information may be found at <http://www.ci.neenah.wi.us/parking/>.

There was discussion about bike commuting, parking and carpool incentives in the downtown. Currently there is bike parking on the north side of the Future Neenah Inc. building.

There continue to be concerns about handicapped parking on W. N. Water Street for YMCA patrons. The updated parking plan is still in a trial phase. Reverse angle parking and the drop-off zone have been working well.

### Discussion of 2017 School for Seniors:

The School for Seniors schedule was confirmed. The press release will go out to media outlets and to committee members for inclusion in local newsletters. A contact had been made with Island Shores regarding the event. They are interested in publicizing the event with their residents.

**Adjournment:** MSC Suess, Bottensek, the meeting was adjourned at 10:10 a.m.

Respectfully submitted,

Carol Kasimor, Assistant Planner
